-seconded by Meredyth Kezar, motion carried

4. Correspondence - None

5. Report on the 2006 Canadian Reception - Convener, Garth Brooks

Garth reported that the reception was the best one yet with great attendance. There was lots of promotion for the Toronto Conference. Report on *Celebrate Literacy* Toronto, November 2005, conference was not a financial success but very interesting keynotes and speakers.

6. Awards Criteria & Application Form

Meredyth spoke about a special service award on the CNIRAC website and they would like to present the first award at Toronto. The criteria in on the website; CNIRAC.ca and the deadline for this is Nov. 1, 2006.

*Provincial Co-ordinators need to put the service award on their agendas for September.

7. Cross-country Updates

BC- Fall Conference is happening and UBC is looking at creating courses for reading.

Alberta- *Hats Off to Literacy* reflected and learned about conference focus was on passion and purpose. They are continuing to look at their purpose and narrow down their focus in their club. Their membership did increase this year and they have a diverse group.

North of 60- They have managed to have a meeting this year and they are also working on their focus for next year and what plans to make.

Saskatchewan- Our provincial conference was very good even though the attendance was down. We are thinking this may have something to do with the amalgamation occurring. Our highlight of the year is the website is up and running, saskreading.org.

Manitoba- Manitoba had a successful year. Ruth Scott was at the conference. Their Leaders Luncheon was successful. Thanks goes out to Arlene for her work with membership. September 29 in Winnipeg, the Reading Council of Greater Winnipeg is celebrating 50 years.

Ontario- This was a year of celebration and reflection. The Ministry has become engaged in literacy and now Ontario is being overwhelmed with professional development. *Celebrate Literacy Conference* will be Oct. 24-25 in Toronto.

8. BC Bylaws - now allow people to sit on local and provincial executives at the same time.

9. Project Love- Garth talked about the international development project love in doing by sending basic school supplies in a kit to Ethiopia and Mali this year. They are also trying this year to get teacher kits made for Ethiopia and Mali. Project Love is also launching a new DVD available in English and French. Project Love can receive money donations and these donations are matched by CIDA 3 times.

9. Toronto Canadian Reception 2007 - right now we are asking all local councils to please make donations to the Canadian Reception and send them to me. Canadian Publishers may not be there as much this year financially so we could use all the help we can get.
10. Next meeting: Our next meeting will be at the Toronto conference. The day and time will be announced at a later date.
11. Meeting Adjourned

CNIRAC Secretary/Treasurer

Motion: Each Provincial Coordinator will be responsible for distributing and collecting Contribution Pledges from each of the local councils within their jurisdictions and submit these to the CNIRAC Secretary/Treasurer before November 30,

Rationale.

The acceptance and implementation of this motion would better facilitate advance planning for the Annual Reception. Provincial Coordinators have direct contact with local council executives and it is this personal contact that allows for an explanation of the importance of the cross-Canadian and international contacts this Reception affords. When the Secretary/Treasurer received copies of the yearly pledge sheets she has the names and contact information and can assume the responsibility for reminding local councils of the deadlines for sending their contributions. As well, the Reception Convenor will have a more accurate estimate of monies available for planning the Reception.

Appended is a pledge sheet that Coordinators can distribute, collect and forward to the CNIRAC Secretary/Treasurer.
